IT Support Knowledge Base

VPN Issues

If VPN is not connecting:

1. Restart your system.
2. Reconnect to VPN.
3. Verify your credentials.
4. Contact IT Helpdesk if the issue continues.

Password Reset

Employees can reset passwords using:

<https://password.company.com>

If account is locked for more than 30 minutes,
contact IT Support.

Laptop Issues

Restart the laptop.

Install pending Windows updates.

Run company antivirus scan.

If the problem continues,
raise an IT ticket.

Email Issues

Check Outlook connectivity.

Verify internet connection.

Restart Outlook.

Contact IT if mailbox cannot be synchronized.
